## Mississippi Gulf Coast National Heritage Area

THE MISSISSIPPI HERITAGE AREA PROGRAM is intended to create and maintain a legacy of high quality recreation areas and facilities, to stimulate non-federal investments in the protection and maintenance of recreation resources.

The mission of the Mississippi Gulf Coast National Heritage Area is to promote understanding of and to conserve and enhance the heritage resources of the six counties of the Mississippi Gulf Coast by telling the area's nationally significant story through partnerships that celebrate the area's unique history, people, traditions, and landscapes.

For Heritage Tourism Information visit [www.dmr.ms.gov](http://www.dmr.ms.gov)

GULF COAST HERITAGE TOURS are designed to preserve and promote the heritage areas of South Mississippi, with emphasis on waterways, nature, history and art. The Heritage Tours will educate and connect the public to the beautiful heritage areas including cultural, historical, recreational, and scenic resources. Tours will focus on historic places and buildings, cultural identities, art galleries and museums, and natural resources.

Disability Connection has produced the Gulf Coast Heritage Tours project in partnership with Walt Grayson, featured state-wide host of Mississippi Roads and Look around Mississippi.

Please visit the GULF COAST HERITAGE TOURS tab at [www.DisabilityConnection.org](http://www.DisabilityConnection.org) to see photos, video, more detailed information on heritage locations and drive-by heritage locations, and to identify barrier-free travel locations and special accommodations for those with disabilities.

**The Gulf Coast Heritage Tours project has been made possible through the Mississippi Gulf Coast National Heritage Area grant from the Mississippi Department Of Marine Resources and the National Park Service.**
