Please visit the **MS Coast Heritage Information Center** tab at [www.DisabilityConnection.org](http://www.DisabilityConnection.org).

Information is available to plan your travels: 3 Film Documentaries, 41 Mini-films, and over 160 pages of information on the places and people who are part of our heritage including the places to visit that are barrier-free and have special accommodations for travelers with disabilities.

Films have been produced by Disability Connection in partnership with Walt Grayson, featured state-wide host of *Looking Around* and *Mississippi Roads*.

**MS Coast Heritage Information Center** is developed to preserve and promote the heritage areas of South Mississippi through educating and connecting the public to the cultural, historical, recreational, and scenic resources. It hosts the stories of the people: their cultural and ethnic heritages, their industries, churches, traditions, foods, festivals, and events that are still present to enjoy today. The Center connects people to their roots and celebrates diversity. It features the Native American, French, Irish, Spanish, Danish, Croatian, Greek, Italian, African-American, Indian, Jewish, Vietnamese, German, Lebanese, and more.
