

2025 MS COAST COMMUNITY RESOURCE GUIDE SPONSORSHIP

DC has produced a variety of nine widely-utilized Resource Guides since 2013 that have become the most popular resource tools supporting the southern 6 counties of South Mississippi. This 10th Guide will be an updated version of the 2021 MS Coast Community Resource Guide which provides a list of free resources available within the six counties of Mississippi. The Guide is a valuable resource and an efficient way to network the organizations that provide community services. Interactive versions are available to view and download at, www.DisabilityConnection.org.

The DC website currently hosts four interactive, downloadable Resource Guides: the 2023 Career Success Guide, 2023 Family Resource Guide, 2021 MS Coast Community Resource Guide, and 2021 TRACK Guide (A Transition Guide to Advocate for Community Knowledge), which supports students with disabilities transitioning out of school. DC website also hosts the MS Coast Heritage Information Center.

Sponsorships of the 2025 MS Coast Community Resource Guide, our most popular Guide, support the printing and distribution of a minimum of 1000 printed copies and the on-line, downloadable version. Copies will be distributed to schools; nonprofit, health, and government entities; first-responders; and libraries throughout 6 counties. **Sponsors receive recognition in the printed copy, in the on-line downloadable version, on social network, and e-newsletters. Final sponsor deadline is May 1st.**
